GREETINGS FROM UNIGLOBE COLLEGE!

IT IS A MATTER OF GREAT PLEASURE FOR ME TO SHARE SOME OF MY THOUGHTS THROUGH THIS PROSPECTUS. I AM WRITING THIS SMALL NOTE AT A TIME WHEN OUR COUNTRY IS PASSING THROUGH A DIFFICULT PERIOD.

On the one hand, we are still not able to implement the new constitution in its true spirit and on the other, the global meltdown which started from the west is still threatening the growth of developing nations including Nepal. At Uniglobe College, we can only hope that as a citizen of the nation we will not be distracted from the goal of building a strong nation based on the true democratic norms and values.

We have been witnessing that the paradox of life has changed greatly over the years. These days we have more degrees but less education. We are rich in knowledge but poor in judgment or decision making. We have more experts but at the same time we have more problems. We have more doctors and more medicines but at the same time we are less healthy. We have multiplied our possession but we have less values. Such are the changes taking place in our society. We talk too much but we do little. We have learnt to make a living but not a life. We have wider roads but narrow viewpoints. We have conquered outer space but not the inner space. We have fancier house but no home or with broken home. Most families have two incomes but at the same time more divorce also. Hence, it is already a high time for us to produce educated people than qualified people, to promote a wider view of life, to develop an inner space, to reduce divorce rates, and to create a better home where we all can live happily. Uniglobe College is just not imparting management education but it is also involved in building basic values of human life and produce a good citizen with a wider vision which is so required for building a strong nation. I welcome the prospective students to participate in this process as much as possible and try to contribute in resolving them at earliest.

With best wishes,

Prof. Dr. Radhe Shyam Pradhan
ACADEMIC DIRECTOR
Uniglobe College has shown its academic excellence in results of Pokhara University examinations. Ms. Anamol Pandey of Uniglobe College received the Gold Medal (Vice-Chancellor Award) in 2015 for securing the highest CGPA 3.99/4 in BBA level. Ms. Nepal was also awarded Laxmi Bidhya Padak from Pokhara University in recognition of her outstanding academic performance.

There are 72 students of MBA of Uniglobe College listed in Dean List (Above CGPA 3.8). Similarly, 43 students of BBA and BBA-BI have been able to register their name on Dean List of Pokhara University for their outstanding academic performance. The success rate of students is very high in Uniglobe College. More than 95 percent in MBA and above 90 percent pass rate in BBA and BBA-BI have been achieved till 2018. These results exhibit the academic excellence of the College.
DEAR PROSPECTIVE STUDENTS,
WELCOME TO UNIGLOBE COLLEGE!

FORMAL EDUCATION IN ANY DISCIPLINE IS FUNDAMENTAL TO DEVELOPMENT AND GROWTH. MANAGEMENT EDUCATION IS A LEADING ACADEMIC DISCIPLINE WORLDWIDE AND CHOOSING IT WILL ALWAYS BE A SENSIBLE DECISION.

However, merely joining management education and then dreaming and aspiring for a successful life is not sufficient in this competitive age of globalized business. High level of knowledge and core competencies are required because the complexities and innovative ideas are ever growing in modern business. Hence, highly professional and efficient human resources are highly demanded in the market. Understanding these facts, Uniglobe College from its inception has given equal importance to theoretical and practical aspects at par the international standard. The promoting team members of Uniglobe College are academically sound and they have proven track records of success in education entrepreneurship. The college selects the highly competent and qualified faculty members to provide the best learning environment. Most of the faculty and management team members have studied and trained from reputed foreign universities. The teaching approach is research and practical based. It provides a real life learning environment. This is a unique feature and a vigor of the college.

The college also conducts international conferences and seminars and it encourages the faculty members and students to participate in the conferences organized by foreign universities. The college also invites foreign faculty to teach regular courses. It has signed in MoU with many reputed foreign universities worldwide. And, the efforts made by the college to provide international exposure to the students are rarely found in other colleges in Nepal. The College has established Entrepreneurship Incubation Center at the college to transform the business ideas of youths into really. In order to enhance the communication skill of the students, there is a separate communication lab with required computers and updated software. Finance lab is also established to learn the financial practices in and outside country.

The College conducts wide range of extra and co-curricular activities and among them Uniglobe Management Fest is a very popular program. It is a package of a dozen of student-centered activities conducted every year. This prospectus provides the important information about the college, its programs, and how we process our students for the best outcomes. Our endeavors are always dedicated to bringing out the best from our students by creating an excellent learning environment.

Being a Uniglobian, I believe there is always an effective dissemination of knowledge and skills in the students and a conducive learning environment for exploring talents within you. Uniglobe is always committed to ensure the best education to meet the need of competitive business environment and has become a benchmark for quality education for others.”

Uniglobe BBA-BI has taught me the art of intensifying my leadership skills and focusing on the optimistic part of every situation that comes forth. Getting exposed with various events like Management Fest, Sports, Seminars, Conferences, etc. has helped in developing myself and has given a great platform for exploring myself. I’m very thankful and gratified to be a part of Uniglobe College.”
TEACHING PEDAGOGY AT UNIGLOBE COLLEGE IS A COMBINATION OF VARIOUS TECHNIQUES SUCH AS TUTORIALS, GUEST LECTURES, SEMINARS, CONFERENCES, INDEPENDENT WORKS, INTERNSHIP, FIELD WORKS, PROJECT WORKS, RESEARCHES, CASE STUDIES, PRESENTATIONS, DISCUSSIONS, AND MANY MORE...
CONNECTING FUTURE

REGULAR LECTURES
Uniglobe College is an assembly of intellectuals who are competent and renowned in their area of expertise. With the combination of senior professors and young dynamic lecturers, the college provides pleasant & regular lectures as per the need of the curriculum along with session plan they have prepared in advance. Lecture sessions are interactive and facilitated by the faculty members to deliver in depth in the business studies. The class discussions are complemented with case analysis and presentations, reviews, and feedback of presentations, action learning through project works involving studies of real organization and practical internship. The most extensively used tool is project based action learning approach.

Uniglobe College emphasizes the need for continual learning with the pace of rapidly changing world because the knowledge becomes obsolete as the reality changes. Therefore, the ability to be flexible and innovative and to lead a group of people effectively has become an essential part of teaching & learning approach which can only be enhanced by integrating acquisition of knowledge with its practical implications in the real life.

FOREIGN FACULTY FOR REGULAR COURSE
The college has established a practice to invite faculty from reputed and renowned foreign universities. They teach regular courses and do the evaluation at the end of the course as per the standard of the Pokhara University. It is mostly practiced in MBA level for different courses in different trimesters. The college has invited faculty from UK, USA, Poland, Thailand and India till the date and it is approaching to other countries in the days to come. Though inviting faculty from foreign universities can be rather expensive for the college, this practice gives an opportunity for international exposure and experience inside the class room to our students.

GUEST LECTURES
The college regularly manages guest lecturers of professionals, practitioner, experts and experience personalities of various areas. The college arranges guest lecturers in four modalities:

- Pre-planned guest lecturers to support the course and curriculum which should be spread over each and every semesters/trimesters.
- Guest lecturers of the practitioners who reflect their practical experiences and exposures from their working life.
- Guest lecturers arranged to develop the students’ soft skills and life skills.
- The guest lectures on the contemporary and emerging issues in business, management and economics. The speakers for the guest lectures are invited from domestically and foreign countries.

GROUP WORK
Students are exposed to group works of various kinds on regular basis within and off the class hours. The faculty retain full authority to assign in-and-off class group assignments as a part of internal evaluation in line with daily lesson-plan based on individual assessments. Groups are generally given special problems on various topics for the members to actively unfold solutions which are often analytical, survey based, literature review, and assessment types.
PROJECT WORK
Project making is a core subject area for students to work individually as well as in groups at Uniglobe College. Data based learning and research works are the key components of project work that help them search, compile, analyze and interpret the data on the one hand and design the business plans, conduct SWOT analysis and present reports on running programs on the other hand. The projects are generally related to the areas of banking, finance, industries and trading companies, and other enterprising institutions.

EVENT MANAGEMENT
In the course of business life several events have to be managed effectively. Uniglobe College provides opportunity to manage events like international/national seminars, conferences, sports, cultural programs and competitive events so that the students learn how to work with responsibility.

INTERNSHIP
The MBA, BBA and BBA-BI students are compulsorily required to undertake internship during their study. The internship is accredited in the main course areas over the fixed tenure given to each individual student. The aim is to grant the students an exposure to practical and professional learning through internship program.

GRADUATE RESEARCH PROJECT
It is compulsory for each MBA student to conduct an original research at the final trimester followed with scientific research methods and present the study report in the prescribed format of thesis to be acceptable by the university. This research project comprises of 3 credits.

PRESENTATION
With a view to complement the class discussions and lectures on varying topics, the study report presentation by students is a key pattern of teaching pedagogy at Uniglobe College. Initiation is taken by the faculty members for the presentation on special topics in their subject areas when needed and every presentation is designed with the help of multimedia technology. The students are provided with technical and logistic support to prepare power point presentations on the topics assigned to them by the faculty as a part of internal evaluation.

PROBLEM SOLVING APPROACH OF LEARNING
Uniglobe College efforts on problem solving teaching procedures. This technique upsurges the critical thinking capacity of students. The multiple standpoint to analyze the situation qualifies the students to be the future trailblazer of the society. Uniglobe encourages students to seam in case analysis contests to mount creativity, problem solving ability and a good organizational skill. Students find out the tact to tackle and cope with real-life problems through the case analysis by developing investigative and visionary skills. They can solve the problems of business world by the appropriate strategy. It builds up their competent leadership capacity.

The faculty members and the college management have designed a format of internal evaluation comprising the components based on activities and academic performance. The college management always likes to encourage students to take part actively in the skill development and other related programs conducted inside and outside the college. The internal marking is entirely controlled by the concerned teaching faculty and for this purpose, the bases are attendance, class participation, homework completion and submission, assignments, field works, project works, case analyses, and presentations are taken into consideration.

In order to give emphasis to the written examinations, the college conducts regular unit tests, quizzes, mid-term and pre-board examinations. In undergraduate level, the feedback of the academic performance of the students is also communicated to the guardians and the concern faculty also provides advice for improvement in the case of slow learners. Even extra classes, tutorials and re-examination provisions are arranged for needy and slow learners. Finally, the students have to appear the University Board Examinations controlled by the Office of the Controller of Examinations of Pokhara University. It publishes result of the examinees.

In order to pass the board exams, the student must pass the internal assessment conducted by the college and the external examinations conducted by the university separately. The overall evaluation system of the university is letter grading system like ‘A’ grade for an excellent performance securing above 90 percent marks. This letter grading system is more scientific and widely accepted in most of the abroad universities. The college always tries to achieve the excellent result with good grades and practical skills. The college also organizes seminars and workshops for the faculty to encourage them to give equal emphasis to both these aspects. The college conducts the examinations and evaluation of the students with high sense of responsibility.
The college wants to develop the research skill of the students from very beginning. In MBA and BBA, students prepare research papers and they have to present it in the seminar organized as a compulsory part of curriculum. The students prepare many research papers based on primary and secondary data during their study period in the college. In order to strengthen the research capacity, the college offers Econometrics course which is rarely offered by other management colleges in Nepal. The college also organizes separate training on statistical software operations for data analysis. Graduate Research Project (GRP) is a partial requirement for the fulfillment of the MBA degree and Project Work and Report Writing is compulsory in BBA level. The GRPs are supervised by the experienced professors. The college also invites the experts from organizations related to the research work for feedback and suggestions and also disseminates the findings to the concerns. So that they can apply practically in their organizations.

The college publishes four quarterly journals which include research-based articles of students and faculty and other researchers. Each student must publish at least three articles during his/her study period. The journals are entitled as:

- Nepalese Journal of Finance (ISSN: 2392-4144)
- Nepalese Journal of Management (ISSN: 2392-4152)
- Nepalese Journal of Business (ISSN: 2392-4780)
- Nepalese Journal of Economics (ISSN: 2565-5027)

The college also publishes quarterly “Uniglobe Research Bulletin” which provides the information and news related to academics, research and other extra-curricular activities conducted by the college. It also includes the brief about internship and project works performed by the students individually or in groups. The efforts in research and publications have prepared the Uniglobe graduates to stand different in the market.

It gives me immense pleasure to be the part of research department at Uniglobe College. The college has a very actively functioning research department. I invite you to take some time to visit Uniglobe college and learn more about the latest research, achievements, expertise and events. Even better, I encourage you to visit our research department in person, to meet our students and faculty and be inspired by the research quality, ambition, and creativity. I am always there to provide an environment for the training to undergraduate and graduate students who are interested in research in management and economics related fields.

Jagadish Prasad Bist

ENTREPRENEURSHIP DEVELOPMENT CENTER AT UNIGLOBE IS AN EFFORT TO PLAY A VITAL ROLE IN THE COURSE OF DEVELOPING ENTREPRENEURSHIP.

The Entrepreneurship Development Center is designed to provide an integrated set of services to empower and engage individuals to pursue the career path to entrepreneurship which in effect fosters the economic growth and development of the country. The main objective behind it is for providing aspiring student entrepreneurs the know-how and networks they need to establish/accelerate the growth of their businesses by instilling the spirit, knowledge, skills and attitude in the students to enable them embark on the entrepreneurial journey. The Entrepreneur Development Centre in Uniglobe has adopted a systematic approach to develop first generation entrepreneurs through curriculum, awareness, motivation programmes, business camps and Industry interaction on a regular basis. We bring together aspiring entrepreneurs and support them by providing necessary resources such as seed funding, mentoring, consultancy and networking. Ultimately we make them job providers rather than job seekers. Organizing National Level Business plan, entrepreneurship competition and starting new business incubation center are the activities which are carried out by Uniglobe Entrepreneurship Development Center.

ENTREPRENEURSHIP DEVELOPMENT PROGRAM
Uniglobe College conducts its academic, Co-curricular and extra-curricular activities to cultivate entrepreneurship skills of students. It empowers the capacity and willingness of students to develop, organize, and manage their business endeavors. The development of entrepreneurial skills and knowledge through structured training and institution-building programs is often the eventual goal of entrepreneurship development programs.

UNIGLOBE ENTREPRENEURSHIP INCUBATION CENTER
Uniglobe has started its incubation center in the college premises with the objective of promoting entrepreneurial spirit among the student. Uniglobe Entrepreneurship Incubation Center (UEIC) is functioning in the college that cultivates entrepreneurship skills of the students and provides a platform for the students to pursue entrepreneurial activities and also delivers backing to likely entrepreneurs.

The seeding entrepreneurship skills of the students get ripened through Idea Pitching Contest, Business Plan Competition and The Showcase Competition.

UEIC provides all the logistic, advisory and consulting facilities to the students for progressing their ideas. It provides necessary guidance to the students by providing opportunities to get access with the business related mentors who have successful track records in the market.
Uniglobe College matures better skills in its students fetching them effective business communication. It highlights about the audience focused communication.

Uniglobe has started its own Communication Lab where students are nurtured, oriented towards communication excellency. The communication lab trains the students in evolving effective communication skills. It develops speech writing, organization and delivery, presentations, public speaking, drafting business correspondence, preparing proposals and so on. It offers individual coaching, targeted workshops, and a spectrum of initiatives to support students as they learn key transferable communication skills that will help them achieve their career goals.

Communication Lab assists them in developing corporate flavor and professional etiquettes resulting in greater confidence.

Uniglobe College has started its own Finance Lab. It offers world-class teaching and research opportunities in financial markets. Uniglobe has designed and built a lab structure with technology to support financial research and to educate business students for the financial environment of the 21st century.

The lab enables participants to conduct analyses in real-time, using the most analytical software available and the trends that is taking place in the market. Students in Finance and Economics use the lab to put theory into practice. Various training and workshops are frequently provided to develop the knowledge and financial skills of the students. Students are trained to monitor realistic positions of securities in terms of valuation and risk in the lab.

Uniglobe has given a platform where students plan about the portfolio management by doing research on changes and analyzing the status of companies. It provides them a real working environment.
LEADERSHIP DEVELOPMENT

LEADERSHIP DEVELOPMENT AND UNIGLOBE MANAGEMENT FEST

Uniglobe Management Fest is a mega event of the college organized for all the undergraduate and graduate level students. The students are fully responsible to organize it and the event is entirely supported by the college. The objective of this event is to prepare the Uniglobe graduates to face the challenges in their real business life. The fest is helpful to learn practical aspects of business life during the study period with the slogan “learn with fun”. There are various competitions in the Management Fest. Few of them are Case Study, Idea Pitching, Tag the Brand, Mad Ad Show, Presentation, Business Debate, Business Quiz, Entrepreneurship and Public Speaking Competitions.

LEADERSHIP DEVELOPMENT

Uniglobe College is seeding the craft of leadership to its scholars creating congenial environment of quarrying the dynamics of students.

Uniglobe focuses on providing a platform for students to display their leadership skills and traits by involving themselves in various projects. They can excel themselves, work in a team and devise a good leadership style. Uniglobe endeavors to bring leaders within them by providing a platform to explore their creativity and boost them to become “agents of social change”. Uniglobe envisages the process of social change in its students by launching leadership skills. It aims to gear up its students towards the building up of a better person, a better society and a better world.

Uniglobe’s entire leadership development programs focus on excelling leadership values and culture among the students. Uniglobe has started the following centers for generating leaders:

- Uniglobe Center for Entrepreneurship
- Uniglobe Center for Social Programs
- Uniglobe Center for Research & Publications
- Uniglobe Center for Communications
Maintaining discipline and following the ethical values in contemporary times is becoming very challenging because of changing social, economic and psychological perspectives. There are many temptations that can deviate a student away from his/her basic objective of life. I give my entire attention to follow and maintain a disciplined environment in the college comprising attendance follow up, identifying the friends circle of students, observing the odd behavior and doing counseling and motivation to bring them on right track.

Madhav Subedi
ECA COORDINATOR
The College provides counseling classes to the students to maintain the disciplinary environment so that they abide by the codes of conduct of the college.

The college also provides guidelines and motivations for the students to be self disciplined. Another guiding principle of the college is to maintain ethical values and norms. Ethics are well founded standards that make the actions right and wrong. It helps categorize different values such as integrity, discipline and honesty among others and apply them in daily life. Ethics in education are applicable for both the instructors as well as the students. The college has given priority to these aspects for the better future of the students.

Mentoring services on Personal and Professional development is one of the key focuses of Uniglobe. As a mentor & Coach, it is important to note that mentoring involves a constellation of activities that go beyond advising or guiding a student but involves a variety of ways for assisting and supporting graduate and undergraduate students through their career ahead by understanding their interest behavior attitude and personality. We focus on developing competency among the students to face the global challenges and to develop the entreprenual and leadership skills by installing open mindedness and mindfulness in them. We work regularly in balancing the personal and professional development closely with students individually and in various group sizes by providing various training and workshops for their intellectual and professional upliftment.

The graduates of Uniglobe College have acquired good positions and they are performing excellent in their working organizations. Some of the graduates have started their own business and consulting institutions with good reputation and earnings. Till now, the college has graduated about 300 MBAs and above 95 percent of them are engaged in their professional life.

The College conducts the career counseling seminars, training and development initiations and also organizes job fair at the college for the job placement. It also builds the industrial relations for the placement, internship and practical exposures of the students. The Uniglobe College Alumni Association also helps their juniors for career counseling and job placements.
Uniglobe college has always provided students friendly environment that fosters the teaching learning process. One of the most beautiful opportunities that I have ever received during my study in Uniglobe was the classes of foreign faculty. Interactions from foreign experts and delegates were quite interesting and commendable. Uniglobe has not only broaden the horizon of my practical knowledge and exposure but also leads me to accomplish my dream."

"The Vice chancellor award credit goes to the entire dynamic faculty and the supportive management team for providing the right platform to explore my creativity and transforming myself. The decision to join Uniglobe was my best decision and the golden moments of my life because I had a great experience here and is so proud to be the part of this best Business School."
